# WELCOME

**THANK YOU FOR BEING PART OF THIS GREAT RACING TRADITION!** We would like to welcome you, your friends, and your family, to the 56th Annual Oktoberfest Race Weekend, October 2-5, 2025. It has always been our goal to provide area race fans and race teams with a unique, fun, and exciting stock car racing event in the upper Midwest. Oktoberfest Race Weekend has provided hundreds of thousands of race fans in its 55 years with many great memories, and we expect this year to be no different!

If you're reading this Fan Guide for the very first time, let's quickly review how we got here. Starting in 1970, 'Fest operated as a two day event throughout the 1970's and 1980's. In the early 1990's, Friday was added to the weekend schedule, and just a few years later, it became the four day tradition that fans enjoy today. Thanks to the dedication of the camping fans, our popular camper village has grown exponentially since the early 1990's. Now, many even stay for up to a week.

There's nothing like taking in the senses at fest. Hearing the sounds of racing... smelling the aroma of race fuel, and tires, or the grandstand grill. The Visual. Seeing the colors and action of racing in-person that live racing provides. Not only on the track, but off the track. The fans. Friendly faces. The crews. We are all sharing a common love for this sport that brings us together- a must see, like no other.

16 Divisions...that is a lot of racing Divisions. And that is a lot of race cars. This event is put together by race fans because of our love for the sport and passion for entertaining guests. That combination makes it a perfect formula for both the fans and the race teams. That is why we feel FEST is BEST!

We would like to say thank you to everyone that has attended and raced over the years at this annual event. It is all of you who help make the event so fun for everyone. A thank you also must go out to several fundraising or volunteer groups that help us organize and put on the event. On behalf everyone that helps put on the event, as well as the staff and management of LaCrosse Fairgrounds Speedway, We Thank YOU.

We'd love to see you at the 56th Oktoberfest: Oct. 2-3-4-5, 2025!

- Staff & Management of LaCrosse Speedway

# 56<sup>TH</sup> ANNUAL LACROSSE SPEEDWAY OKTOBERFEST RACE WEEKEND

# OKTOBERFEST 200

**ASA MIDWEST TOUR SUPER LATE MODELS - SUNDAY** - The Oktoberfest 200 ASA Midwest Tour race is the "Granddaddy of the year-end special events". This tough, competitive, and grueling race has separated Champions from Challengers since its inception in 1970. To win this event and be crowned, the "Oktoberfest Champion," is a highlight of any Driver's (and race team's) career. The list of past winners is impressive, and those that have competed in it are even more so. The ASA Midwest Tour has cars made specifically for racing short tracks, built with high-performance suspension parts and engines (A.K.A. "Super Late Model"). This division is run similar to the old ARTGO series that competed in the 80's and 90's. The rules package is designed to meet in the middle, allowing drivers throughout the region to make minimal to no changes to their cars in order to race.

**FORMAT:** 200 laps with "controlled pit stops." A controlled pit stop allows the teams to re-fuel, change tires and make adjustments under yellow flag conditions for a set number of laps (usually 4). This helps the teams reduce cost by not having to need a full crew for any pit stop.

**GETTING IN:** Qualifying will take the top 16, Qualifying races will fill another 4 spots, last chance race(s) 4 spots, the current ASA MWT point leader, the most current winner of the Dick Trickle 99, the most current Oktoberfest 200 winner, and a promoters' choice(s) if applicable.

**LAST EVENT:** Saving the biggest for the last...this is the final race of the Fest Weekend.

## THE TOM REFFNER KNIGHTS OF OKTOBERFEST -

**THURSDAY** - A Super Late Model event for teams that are not eligible for the Futures. Recognizing "The Blue Knight," Tom Reffner, the race is a test of skill, patience, and team work. It's also a good warmup run for those planning on running the Trickle 99 race or the Oktoberfest 200.

There's not a lot of laps.... so teams must move quickly if they want to have a chance to win!

# DICK TRICKLE 99

**DICK TRICKLE 99 - FRIDAY** - The Dick Trickle 99 began as a concept that ARTGO and LaCrosse Speedway promoter John McKarns discovered from a track named "Thunder Road" out in the North East, using a similar format. The first edition ran in 2007. A race, divided into three segments, with not only segment lineup formulas, but an overall winner, was not only something fun for the fans to watch, but something fun for the racers to compete in. No pressure for drivers looking for championship series points. Just a one night race, honoring the legend Dick Trickle. Trickle never raced in the event in his name, but he was on hand for several years to welcome the drivers competing, and to congratulate the winner in victory lane.

## OPEN TO ANY SUPER LATE MODEL TEAM.

**FORMAT:** Fastest 15 in Qualifying advance to 99 Lap Feature. 10-Lap Last Chance(s) If two last chances, top three advance. If Three Last Chances, top two advance. Points are assigned for each segment based upon finishing position. First would be 1 point, second 2 points, etc.

**THE RACE IS RUN IN 3 SEGMENTS:** Each segment is 33 laps long. Segment 1 is lined up with a dice roll inversion plus zero, from qualifying. Segment 2 is lined up by inverting 10 plus draw of the first segment (must be on lead lap). Segment 3 is lined up by inverting 10 plus draw of current points (must be on lead lap)! **OVERALL LOWEST SCORE IS THE CHAMPION!**

**THE FUTURES SUPER LATE MODELS - THURSDAY** - The Futures is a Super Late Model race open to drivers under age 30 that have never finished in the top 3 of the Midwest Tour standings, -or- anyone over 30 that has never run in a previous Oktoberfest 200, NASCAR Touring/ASAMT/ARCA/ASA/

ARTGO or any of NASCAR's top three Series (Cup, Xfinity or Trucks). Driver registration also subject to approval.

## GANDRUD CHEVROLET CRATEOKTOBERFEST CHALLENGE -

**SUNDAY** - The mixing and matching of a multitude of race cars from all walks of life will be on display Sunday afternoon with one of the

participants taking home a brand new 602 Crate Engine from Gandrud Chevrolet and GM Performance. Watch Trucks, Mid-American Stock Cars, Sportsmen, 602 Late Models, Modifieds and more, all utilizing the popular 602 crate engine package while chasing the checkered flag, and a brand new engine winner's prize in victory lane.

# 16 DIFFERENT DIVISIONS

# COMPETE IN 2025 #FESTisBEST

**BIG-8 LATE MODELS - SATURDAY** - One of the top Midwest touring series is based on the home track for the cars that participate. Solid car counts and great racing with the "local" cars versus the "outsiders." The cars run on a Hoosier 8" treaded tire, and the engines are restricted on horsepower. This class gives the weekly short track warrior a chance to race specials at other tracks without interfering with their home track weekly racing schedule.

**MIDWEST TRUCKS - SATURDAY** - The Midwest Truck Series has been providing fans with some good ol' fashioned hard charging racing. The series has seen growth with young future stars, and is real testing ground for skill and team work. You'll see some of the best racing of the weekend in the Midwest Truck Series, and watch as their 2025 Series Champion is Crowned!

**AREA SPORTSMEN - FRIDAY** - Area Sportsmen starts with O.E.M. stock-type bodies, stubs and frames, with a minimum wheelbase of 108". You may see many of these as a middle support class at short tracks in Wisconsin, Minnesota, and Illinois. They compete on treaded 8" wide racing tires.

**OKTOBERFESTRACEWEEKEND.COM**

**LACROSSE LATE MODELS - THURS. & FRI.** - The LaCrosse Late Models compete at the LaCrosse Speedway weekly, sanctioned by NASCAR. They run any approved ABC Late Model body, and they run on Hoosier 1070 10" race tires. Engines may not exceed 363 cubic inches, and they may only run a 2-barrel 500 CFM Carburetor. Their schedule starts in May, runs through mid August, plus the Oktoberfest Race Weekend finale. Again, this year they will run 4 feature events to determine the LaCrosse 2025 track champion.

**LACROSSE SPORTSMEN - THURSDAY** - The LaCrosse Sportsmen have an established "breakout" lap time of 21.900 seconds per lap. The feature winners draws the breakout time for the following event. This rule allows a variety of cars including Sportsmen, Mid-Am, Modifieds, Trucks, Vintage and more to compete under one class. Teams can utilize any treaded Hoosier Tire that fits on an 8" wheel. You will see a variety of cars and it is a unique way to race. Look for lots of passing and a new type of game plan to run in this race. Drivers get two 0.3 second difference "Mulligans" per race as long as it is not on the last lap, so anything below 21.600 is an automatic disqualification.

## WIN A FREE RESERVED CAMPSITE FOR 2026!

Decorate your Camper and Campsite area with **your holiday of choice!** The Judges will select TWO winners for a Free Reserved Campsite in 2026, plus runner up prizes to be awarded!

**MID-AM RACING SERIES - SATURDAY** - The Mid-Am Racing Series is the longest running Sportsmen style car series in the Midwest. It has been the staple for most year end special events. The series started in 1993 and it is based on GM Metric framed cars, with aftermarket made-for-racing Sportsman bodies. Engines are 358 cubic inch Chevrolet and Ford, or 366 cubic inch V-8 Mopars. They must run a stock Holley 750 CFM Carburetor, 8" Hoosier race tires and weigh a minimum of 3000 pounds.

**VINTAGE CARS - SUNDAY** - Old race cars from the glory days! Witness a variety of yesteryear's race cars in a flashback to the past. It is a "must see" race that will bring back a lot of memories, while providing some new ones. This is fun to watch on Sunday at Oktoberfest, as cars from the 70's, 80's, 90's, and more all compete at the same time!

**STREET STOCKS / 6-CYLINDERS - SATURDAY** - The newest typical "bomber" type class seen as an entry level division at many tracks. Any 6-cylinder stock OEM Car. This Division is loads of fun for both the driver and fans. The racing is always interesting as you have a mix of new drivers and seasoned ones, and oftentimes you'll see 3 or 4 wide racing!

**MIDWEST DASH SERIES - SATURDAY** - These cars are fast, and are not afraid to push the limits...3 wide racing...and lots of moves that will make your heart race! This series races at various tracks throughout the upper midwest, and is at the top end of the 4 cylinder divisions. Any front or rear, two-wheel drive, car or mini-truck, having a minimum of 92" wheel base can run. Cars must have only a 4-cylinder stock engine and a manufacture date of 2000 or older. They are fully equipped with standard racing safety gear and a roll bar.

**DOUBLE-O - THURSDAY** - The Double-O is one of the most exciting and unique races seen in short track racing. The cars race on both the 1/4 mile and 5/8 mile tracks in alternating laps! This makes an exciting transition at the start / finish line and at turn one. The race is open to any full-frame car with roll-bars that is already eligible for competition during the weekend.

**HORNETS** - Any 3 or 4 Cylinder compact car, with a Maximum wheelbase of 103." The cars are strictly stock with minimal alterations made for Safety. They race many times per season at the LaCrosse Speedway and provide a fun and inexpensive way for a fan to try their hand at racing!
